**AGENDA:**

1. Imagine Grant – Status of Grant application: So far, we have not received notification as to the status of the grant application. Lori will keep the group informed if information from Northern Health is received.
2. Next steps: The updated Request for Proposals (sent out by email on April 8 and May 15) was reviewed. It was noted we would like to get this sent out as soon as possible to ensure the schools have enough time to consider funding projects. Lori will check with Mandy Levesque at Northern Health to see if the dates for the fall Imagine Grant funding input has been determined.
3. Red Cross Community Partnership: The information on the website was reviewed to see if P4HC: NC would be eligible to apply. It did not seem that the schools would be eligible, but the workshops might fit into the community resilience and networking category. Other possible opportunities include:
  - Integris Credit Union
  - Coop
  - Quesnel Community Foundation
